Flavor Burst® Multi-Flavor Soft Serve Systems

FB 80D

Enjoy all the benefits of our standard 8-flavor Flavor Burst® system in a new, compact design. The FB 80D unit works with your existing freezer to expand your soft serve menu with a wide variety of flavors. You can even combine flavors within each serving for even more colorful, great-tasting product. Just select the flavors from the keypad and draw your serving to create mouth-watering treats in just seconds!

The new cabinet houses all 8 flavor trays and still has room for the sanitizer tank for easy access and storage. Even the electronics box conveniently attaches to the side of your freezer.

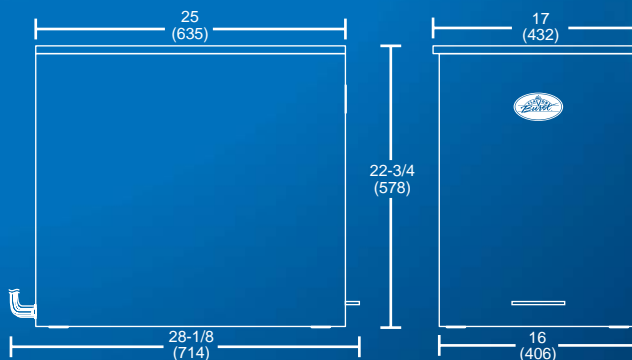

With new cabinet design options, eye-catching products, and tongue-tantalizing flavors, Flavor Burst® is a great fit for your business!
