

PREMIUM FLAVOR SELECTION

NEW!

Flavor Burst™ Frozen Cocktail System

mix it up

Mix it up... with a Nice Ice™ frozen beverage system from the Flavor Burst Company!

The revolutionary new FB 2001S system attaches to most major slush freezers with an innovative blending mechanism to inject concentrated flavorings throughout the finished product. Now operators can serve 8 or more premium frozen cocktails from a single mix -- *with no additional blending or portioning!*

Enjoy a sensational flavor selection with premium flavors like Strawberry, Black Cherry, Mango, Pina Colada, Tropical Orange, Blue Raspberry, Green Apple, Pineapple... and more! Instead of adding eight machines to your floor space or spinning 'til the cows come home, mix it up... with Flavor Burst™ and Nice Ice™. *After all, it could be your formula for success!*

Nice Ice™ frozen beverage systems are proven sales builders, and the equipment is easy to install and operate. The operator first selects the flavor choice on the electronic keypad. Concentrated flavors are then injected and blended throughout the finished product as it is drawn. The flavor output is adjustable for both flow and taste.

Flavor Burst Company does not produce or distribute the alcohol for this program -- Nice Ice™ frozen cocktail alcoholic base mixes are produced from most off-the-shelf branded mixes or house mixes to suit your tastes. In addition, Flavor Burst Company now offers neutral base products that may be mixed with liquor to provide an alcoholic base for the program. Once the alcoholic base flavor is established, Nice Ice™ frozen cocktails incorporate premium Flavor Burst flavors to expand your flavor selection. This enables the operator to serve 8 or 9 premium flavors from a single alcoholic base mix with no additional blending or portioning!

Flavor Burst™ flavorings are packaged in triple-layer containers for long, stable shelf life that requires no refrigeration. One gallon of flavoring yields up to 166 10 oz. servings! New flavors are simple to insert and lock into place. Choose from a variety of premium flavors available through your local distributor to attract a wide variety of discerning customers!

Each system features easy-to-wipe clean, all stainless steel cabinetry. With clean and sanitize in place functions, cleaning requires only a few minutes a day. Improve your operations and expand your menu with sensational frozen cocktails using the smallest space possible. Nice Ice™ frozen cocktails from the company that puts flavor first... *Flavor Burst.™*
