141 lbs. (61.7 kgs.)	Total Crated	123 lbs. (55.8 kgs.)	

Flavor Burst™ is a proven sales builder! And Flavor Burst™ systems are easy to install and operate. The operator first selects the flavor choice on the electronic keypad. Concentrated flavorings are injected and blended throughout the product as it is drawn. The flavor output is adjustable for both flow and taste. Four or eight different flavors can be added to a single head shake/slush freezer.

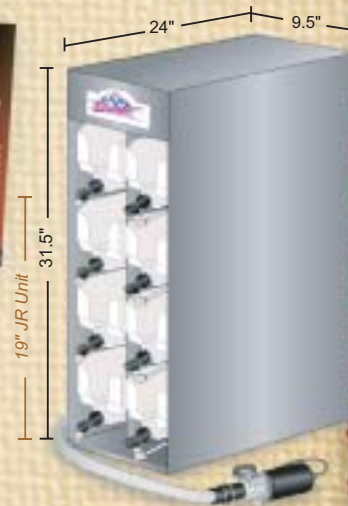

Flavor Burst™ flavorings are packaged in triple-layer containers for long, stable shelf life that requires no refrigeration. One gallon of flavoring yields an average of 166 10 oz. servings. New flavors are simple to insert and lock into place. Choose from a variety of flavors to attract discerning tastes of all ages!

Each Flavor Burst™ system is built with easy-to-wipe-clean, all stainless steel cabinetry. With clean and sanitize-in-place functions cleaning requires only a few minutes a day.

Expand any menu with the clean, refreshing taste of JavaLatte™ frozen coffee flavors using the smallest space possible.
